

## WOSC COVID-19 Protocols for Step 3 Summer 2021

### *Protocols Which Remain the **SAME** for Step 3:*

- Each player will be required to complete the COVID-19 Self-Assessment **BEFORE** every session. [Click here](#) to access the self-assessment. Players will not have to produce a paper copy as compliance is based on the honour system.
- Spectators must maintain proper social distancing on the sidelines of the field.

### *Protocols Which **CHANGE** for Step 3:*

- Facility limitations have been increased to 75% spectator capacity. Therefore, more than one spectator/player is now allowed to watch training and games.
- [Spectators must always wear a mask](#). This is mandated by **Ontario Soccer** (see the graphic below which is from the [Ontario Soccer RTP Guide](#)) and WOSC will continue to follow the protocols they put in place to ensure we create the safest environment possible. Failure to comply may result in disciplinary action.
